

ABSTRACT

Contributions of Learning Outcomes Enterprise and Entrepreneurship Motivation Against the Interests of Entrepreneurship Department of Automotive Engineering Senior High School Negeri 3 Batam

Adi Isra

Based on initial observations about the phenomenon of researchers in the field and interviews with students, teachers Automotive Engineering of Senior High School Negeri 3 Batam, students gained less had the interest to entrepreneurship. So very few graduates who want to get involved in entrepreneurship. The purpose of this study was to reveal: a) the relationship between entrepreneurial learning outcomes with interest in entrepreneurship majoring in Automotive Engineering Senior High School Negeri 3 Batam Negeri 3 Batam. b) the relationship between entrepreneurship motivation with interest in entrepreneurship Automotive Engineering Department of Senior High School Negeri 3 Batam, and c) the relationship between the learning outcomes of entrepreneurship and entrepreneurship motivation together with interest in entrepreneurship majoring in Automotive Engineering Senior High School Negeri 3 Batam.

This type of research is quantitative research. The study population was all students of class XII Automotive Engineering study program at Senior High School Negeri 3 Batam 2015/2016 school year as many as 83 people. The research sample of 65 people is determined by referring to the table Krecjie with an error rate of 0.05. The research instrument used questioner with Likert scale model. Data were analyzed using descriptive technique, and technique with multiple regression analysis.

The results were obtained in the form of learning outcomes contributed (20.6%), contributing entrepreneurship motivation (31.2%), the study of entrepreneurship and entrepreneurship motivation towards entrepreneurship interest together accounted for (44.3%) while the rest (55.7%) are influenced by other factors not examined in this study. Based on the findings of this study concluded that the results of learning, entrepreneurship motivation contribute to the interest in entrepreneurship students of class XII Senior High School Negeri 3 Batam.

ABSTRAK

Kontribusi Hasil Belajar Kewirausahaan dan Motivasi Berwirausaha terhadap Minat Berwirausaha Siswa Jurusan Teknik Otomotif SMK Negeri 3 Batam

Adi Isra

Berdasarkan pengamatan awal peneliti tentang fenomena yang ada di lapangan dan wawancara dengan beberapa siswa, guru Teknik Otomotif di SMK Negeri 3 Batam, didapat siswa kurang memiliki minat berwirausaha. Sehingga sangat sedikit lulusan yang mau terlibat dalam berwirausaha. Tujuan penelitian ini adalah untuk mengungkap: a) hubungan antara hasil belajar kewirausahaan dengan minat berwirausaha Jurusan Teknik Otomotif SMK Negeri 3 Batam. b) hubungan antara motivasi berwirausaha dengan minat berwirausaha Jurusan Teknik Otomotif SMK Negeri 3 Batam, dan c) hubungan antara hasil belajar kewirausahaan dan motivasi berwirausaha secara bersama-sama dengan minat berwirausaha Jurusan Teknik Otomotif SMK Negeri 3 Batam.

Jenis penelitian ini merupakan penelitian kuantitatif. Populasi penelitian adalah semua siswa kelas XII program studi Teknik Otomotif di SMK Negeri 3 Batam tahun pelajaran 2015/2016 sebanyak 84 orang. Sampel penelitian ini sebanyak 65 orang ditentukan dengan berpedoman pada tabel Krecjie dengan tingkat kesalahan 0.05. Instrumen penelitian menggunakan kuesioner dengan model skala Likert. Data yang diperoleh dianalisis dengan menggunakan teknik deskriptif, dan teknik analisis dengan regresi ganda

Hasil penelitian diperoleh berupa hasil belajar memberikan kontribusi sebesar (20,6%), motivasi berwirausaha berkontribusi (31,2%), hasil belajar kewirausahaan dan motivasi berwirausaha terhadap minat berwirausaha secara bersama-sama memberikan kontribusi sebesar (44,3 %) sedangkan sisanya (55,7 %) dipengaruhi oleh faktor lain yang tidak diteliti dalam penelitian ini. Berdasarkan temuan penelitian dapat disimpulkan bahwa hasil belajar, motivasi berwirausaha berkontribusi terhadap minat berwirausaha siswa kelas XII SMK Negeri 3 Batam.
